Friday last, Joseph Robidoux, James Bellecoure, Alexander Bertrand, jr., and Alfred Hunt appeared before the bench, from the trial, which took place one week previously. Prior to the trial, Hunt pleaded guilty but the others put in the not-guilty plea. Hunt and Bellecoure were taxed each $1 and costs, while Robidoux and Bertrand had to pay 50 cents and costs each. Originally, the charge included the names of Henry Grenier and William Wilcox, but these were struck off owing to an insufficiency of evidence against them.

STEP AFTER STEP has been taken by the Hoffschneider Bros. Company, Electrotypers, for the production of better duplicate plates for better printing by the installation of modern machinery — just a little better than seems necessary. Here, day in and day out, are three molders working to keep the pace demanded by an uncommon service of quantity and quality production.

Lead molding press and wax ruling machine, with their skilled operators, are backing this service with lead-molded plates that are popular because of their long-run wearing qualities, and wax ruling because of the simplifying of ruled type-composition for the printer. Lead molding produces halftone and color plate electrotypes and nickeltypes with a precision that makes it difficult to determine original from duplicate after the printing.

Wax-ruling, with its saving of time, money, supervision and patience, opens up new fields for the printer willing to investigate its advantages and improve his method. A personal explanation of the advantages of wax-ruling or lead molding will be made gladly without obligation. On the following pages are specimens of this work.

You will ever find Hoffschneider Bros. Co. to be leaders in a movement to produce a better service to the printer through advanced methods, modern machinery and a personnel keenly interested in your problems.

Frank Hunt Killed.

On Saturday last, W. G. Hunt received a telegram from Kansas City, stating that his youngest son, Frank, had been killed in that city in a boiler explosion. In a letter received from his second son Alfred on Tuesday, the following particulars of the sad accident are given. A number of stone crushers are used at Kansas City to crush the stone for the roads and Frank was engaged as engineer of one of the crushers. About 9.30 a. m., the boiler began to leak and Frank was in the act of drawing out the fire, when the crown sheet was blown out. The sheet struck him and he was instantly killed. Another workman had his head badly crushed and may live, while two others received slight injuries. His brother Alfred lives in Kansas City and he was at once notified of the occurrence. Another brother, David, is living at Nashville, Mo., and word was sent to him. The deceased young man would have been 20 years old in March, and has always had an excellent reputation. About two years ago he went to Toledo where he secured employment in the bicycle works. Last season, however, he was with his father, who was engineer on the steam-barge Transfer, but left him on October 14th, to go South in the hope of bettering his fortune. The remains were properly interred in St. Mary's cemetery, Kansas City, on Monday. His living brothers are David, of Nashville, Mo., Alfred, of Kansas City, and Thomas, of Toledo. The only living sister is Ida. His parents are old and highly repected residents of this town and their many friends will sympathize with them in their time of trouble.

Dear Niece and family—

It was nice receiving your Christmas card and note and now that the Holidays and the Wedding are over.

We are all trying to take it easy, and the weather is helping us out as its sleeting out quite badly so Ill have to stay in. thats why Im writting letters am enclosing some pictures we took during the Holidays sent some to Dorothy & some to Stella and asked each of them to show you the ones they got. and you can do the same with these also some of the Wedding, we dont have all the negatives as yet.

Hope you are feeling much better and that all the rest of your family are well and that you enjoyed ~~the~~ Christmas. As I told Stella I am just getting over an attack of high-blood pressure was down pretty much of seven-weeks. Dr. has me on a salt free diet also rice just cooked in water and take fruit juice with that, two days a week. and it seems to be doing the trick Ive reduced 22 lbs. and the pressure has come down. some of the pictures dont seem to show it but Im taking 2 sizes smaller in dresses. so it must be doing some thing.

Had a note from Dorothy saying Stellas Husband wasnt feeling so good. sure hope he is better now. Roy is coming along fine and begining to put on weight you will be surprised to note that Jack has put on so much weight or maybe you dont remember him. Stella would as she seen all of us later than you have.

Roy and Mary are planing on spending some of their summer Vacation in Toledo. because you know her Brother and Wife and her Sister live there, if Jack came get time off at the time they are going he and I may go along as they will drive. of course summer is some time off yet. Marys Brother & wife & Sister Ann spent their two weeks here this year and as a token of thanks to me they sent me a beautiful Bavarian Crown China Tea-set service for 6. Will Close now and hope to hear from You soon. Love May.

PRESENTATION.

THE FIRE BRIGADE TO CHIEF ANDERSON.

A special meeting of the Fire Brigade was held at the Town Hall, on Tuesday evening, when Capt. Louis Lemay, of Lambert Fire company, presented a handsome gold-headed cane to Chief W. H. Anderson, accompanied by the following address :—

To William Henry Anderson, Esq., Chief of the Fire Brigade of the Town of Amherstburg :—

RESPECTED SIR,— It is with feelings of exceeding great regret that we have learned that you are about to sever your connection with Amherstburg and take up your residence in another town, where your business interests will hereafter require all your time and attention.

Your removal from Amherstburg compels your withdrawal from the position of Chief of our Fire Brigade, to the duties of which you have devoted so much time, and which duties you have discharged in a manner to win great praise from the public as well as from all the men under your command, every one of whom feels that, in parting from you, he is sustaining a direct personal loss.

We feel that we cannot allow you to depart from Amherstburg, without some token of your many pleasant associations with the Firemen of the "Old Burgh," and we, therefore, on behalf of the members of the Fire Brigade, both active and honorary, desire to present you with this gold-headed cane, which we are satisfied you will receive and treasure as a memorial of the many warm hearts you leave behind you.

That you will be most successful in business, and that you and all the members of your family will long live to enjoy, in health and happiness, the reward of your labors, is the hearty wish of all the members of the Amherstburg Fire Brigade.

On behalf of the Brigade.

Our New Steamer.

ECHO–April 15,1881

On Thursday of last week, J. D. Ronald, of Brussels, arrived in town, and, on Friday morning, the new steam fire engine manufactured by him for this town was brought down from the station, and placed in the archway of the Echo office building, on Ramsay Street, which was temporarily fitted up for an engine house. The engine, which is well and strongly constructed received much praise from all who viewed it, and, having been cleaned up and put in shape for working, was taken to the Murray Street dock on Saturday afternoon, and was tested in the presence of a great crowd of interested citizens. Everything having been got ready, the fires were started and in 3¾ minutes she had made five pounds of steam and in 7½ minutes she had made 45 pounds of steam and was set going. In 8 minutes from the time the fires were started she was throwing one stream of water along Dalhousie Street a distance of over 100 feet with 70 pounds of steam. With 90 pounds of steam she threw one stream a considerable distance over the flagstaff on the Park House, and subsequently two streams nearly as high. A Siamese coupling having been put on she threw three good streams of water—one in front of the Park House, a second at the corner of Murray and Ramsay Streets and a third near the corner of Gore and Dalhousie Streets. The full length of over 1,500 feet of hose was then run up Murray Street and a horizontal stream of water thrown a distance of 130 feet, reaching as far as Seymore Street, and subsequently to the corner of Sandwich and Richmond Sts. The engine gave general satisfaction in its working and was pronounced a complete success, while the hose were, with the exception of one length, found to be as guaranteed. The greatest pressure on them was not over 250 pounds, however. On Monday afternoon, another test was made, the engine being placed on the Gore Street dock and water thrown over the Town Hall and also over Burk's store. The test was again satisfactory, and as soon as some slight defects are remedied and some additions are made, which are now being attended to by Mr. Ronald, she will probably be again finally tested before being received by the Fire and Police Committee.

Moved by Mr. Floroy, seconded by the Deputy Reeve, that the report be received and adopted and the accounts therein referred to the Finance Committee.

On motion of Mr. Morin and the Deputy Reeve, Mr. Hunt, the engineer, was permitted to address the council.

W. G. Hunt said he had not much to say. He considered that the engine did her duty at the Sinclair fire, and as far as the test was concerned any person who said there was no water in the glass told what was untrue. He laid down the keys on the Mayor's table and told His Worship to take charge of the engine and he would pay half the cost connected with an examination by a competent engineer, if the engine was not found to be in first class order.

Deputy-Reeve—We don't complain of the engine but of the management.

Mr. Heard wanted the committee to report on the test of Saturday, the 27th ult.
